

STOP THE SPREAD OF CORONAVIRUS

SAFETY SIGNAGE GUIDE

Whilst the threat of Coronavirus remains ever prevalent, we must remain vigilant and protective of our staff at all costs. Those working on the frontline, need to know they can trust their employers to keep them safe and healthy.

We have produced a range of Covid19/Coronavirus products to help your managers and staff remain safe when working on the frontline and keep your customers safe while they do their essential duties.

Our products have been designed with these heroes in mind, however we all hope for a swift end to the lockdown and remain confident that other businesses, restaurants and bars will re-open in the not too distant future. We have had no government guidelines for the re-opening of these businesses, but rest assured we will keep our product guide up to date and current, based on the government advice we are given.

We can provide these products reactively, ready to customise to your industry and requirements.

We will release new documents and signage as and when they are needed and can collaborate with you to design custom products based on your industry.

Our main concern is to ensure that everyone is kept as safe as can be.

For further information and to discuss your requirements please do not hesitate to contact us at hello@benez.co.uk

- A pocket sized reference booklet with advice pertaining to Coronavirus symptoms and preventative measures. An easy to carry, quick reference guide that all staff and customers can access.
- Information posters ranging in size from A4 - A0 and pull up banners
- A quick reference guide for all staff and employees as a constant reminder for vigilance, safety, sanitisation and social distancing.
- Directional and social distancing floor stickers. There is no room for error, so ensure everybody understands where they need to be in order to be safe. These can be custom designed to fit with all industries.

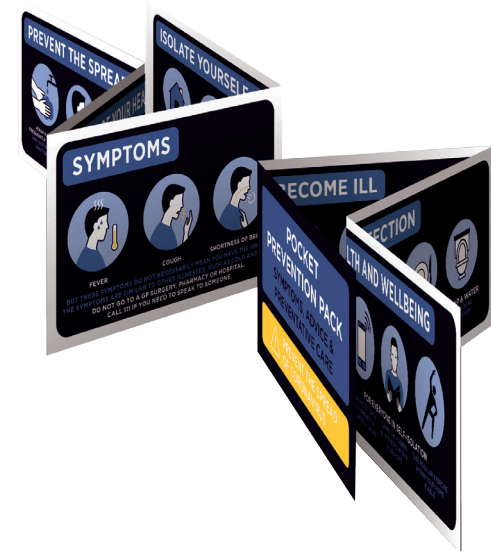

PG

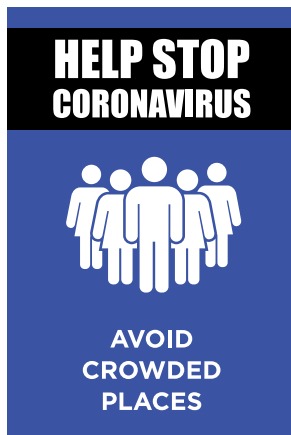

The simplest way to keep all staff and customers safe. An 8 page instructional booklet that easily fits into a wallet. This outlines the simple measures that we can take to keep ourselves and others as safe as possible.

The symptoms of Coronavirus, preventing the spread of Coronavirus and the rules of social distancing, what to do if you start experiencing symptoms and how to self isolate. Finally, we have also included a section on general health and wellbeing.

Size: 85 x 55mm when folded. Can be custom made to your industry's requirements.
